

NEXI-PLU-27

2U Rackmount Server Appliance

DESCRIPTION

NEXi (**PLUS**) is a compact, short-depth appliance designed for fast, efficient deployment in medium-scale VMS environments.

It delivers reliable, space-saving performance where installation depth and footprint are constrained.

Dual **1GbE** networking provides stable, VMS-ready throughput, ensuring consistent performance across surveillance workloads.

The system features **4** hot-swappable drive bays, each supporting up to **30TB** for flexible, high capacity storage expansion, with **optional RAID** configurations available for enhanced data protection.

APPLICATION

Support up to **64** channels with average recording resolution of **6MP** with AI object detection.

WARRANTY

3 Years RTB (Return to Base) warranty.

TECHNICAL SPECIFICATION

Processor:

- Intel Core i5-14400

Chipset:

- Intel B760

Memory:

- 32GB DDR4 DIMM

Video:

- Intel UHD Graphics
- Support 4K display output via HDMI

Solid State Drive:

- 250GB SSD NVMe for OS
- 250GB SSD NVMe for analytics storage

Storage:

- 4 x Hot-swappable 3.5 hard drive bays

Ports:

- 2 x Front USB ports
- 4 x Rear USB ports

Network Controllers:

- 2 x 1Gb ethernet port

Power Supply:

- 550W 80+ ATX power supply

Operating System:

- Windows 11 Enterprise pre-installed

Form Factor:

- 2U Rackmount

Dimension:

- 437.5mm (W) x 88.8mm (H) x 420mm (D)

Operating Temperature:

- ~ 0°C - +40°C

Accessories:

- Keyboard and mouse

DISCLAIMER:

1. Hardware specification may change without warning.
2. Hardware are pre-staged and tested before dispatching.
3. System performance is only an estimation.
